How to Add To Information to a Wiki Page

Choose the Wiki page to which you would like to add content, articles, video, graphics etc.

At the top of the page choose the "Edit" button on the options ribbon.

The next screen will be the edit features for this page. You can attach a document to this page by choosing "File" and uploading the file to the wiki page immediately.

*Hint: Be sure the curser is where you want the file to be located on the page when you upload it.
